

# Travelling with your Pet

Check the listing of facilities in the [Caravan Park Directory](#) section to see if the caravan or holiday park you wish to visit allows pets.

Here are some tips and hints if you want to take your pet on holidays with you:

- Telephone the park first to ensure that there has not been a change of policy and to find out whether any conditions apply.
- Before you leave home, be sure to pack up everything you will need for your pet. For example:
  - Food and water bowls
  - Grooming brushes
  - Collar and lead
  - Any medication your pet might require

With proper planning, your pet will enjoy their holiday as much as the rest of the family.

Order your copy of the [Holiday & Touring Guide](#) for a list of caravan and holiday parks that allow pets.
